COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE

Customer Service Window, Mail Stop Amendment
Honorable Commissioner for Patents
U.S. Patent and Trademark Office
Randolph Building, 401 Dulany Street
Alexandria, Virginia 22314

Sir:

The examiner's statement of reasons for allowance incorrectly states that claim 1 defines over the prior art of record because the prior art does not teach, suggest, nor render obvious the meat being confined and "compressed to eliminate any air pockets while tightly sealed with in a tunnel" during the shock wave treatment.

This is not entirely correct because the last clause of claim 1 recites that the meat "is confined, compressed to attempt to eliminate any air pockets in the meat, and tightly sealed within a tunnel" during the shock wave treatment.

Respectfully submitted,
